

**Martha A. Nance, MD** received a BS from Yale University, and an MD from Virginia Commonwealth University/Medical College of Virginia in Richmond, VA. She completed her Neurology Residency and Genetics Fellowships both at the University of Minnesota, and is board-certified in both neurology and clinical genetics. She has been an active participant in the Huntington Study Group for many years, including a term on the Executive Committee, and is on the steering committees of PREDICT-HD and COHORT, two long-term observational HD studies. She is an Adjunct Professor of Neurology at the University of Minnesota, Medical Director of the Struthers Parkinson's

Center since 2000, and Director of the Hennepin County Medical Center HD Center of Excellence since 1991.
